WHAT IS THIS PRODUCT?

Type: An open-ended investment company incorporated with limited liability

Term: The Fund does not have a targeted closure date and may be liquidated at any time, as further detailed in the Prospectus

Objectives: To provide capital growth by investing in the agricultural sector.

Investment Policy:

To invest at least 70% of the Fund directly or indirectly in shares of companies globally which main business is related to agriculture, such as fertiliser, agricultural machinery, animal feed, seed and crop protection manufacturers, agricultural producers including farms, plantations and aquaculture, crop processors, grain and edible oil handlers and distributors, timber, pulp and paper, food ingredient companies, food manufacturers and food retailers. The Fund's exposure to indirect investments may be gained through other Funds (including those managed by Barings or associated companies), transferable securities and derivatives. The Fund is actively managed and the investment manager has discretion in the choices of investments in order to achieve the Fund's objective and is not constrained by a benchmark. The Fund will invest at least 50% of the Fund's total assets in equities of companies that exhibit positive or improving environmental, social and governance (ESG) characteristics. Further detail of the Investment Manager's, Public Equity: ESG Integration & Active Engagement Policy for equity Funds including the Fund is available on the Manager's website at www.barings.com. The Fund aims to select attractively priced companies with long term growth prospects typically following a strategy known as Growth at a Reasonable Price (GARP). The Fund's strategy focuses on companies with well-established business franchises, strong management and improving balance sheets.

The remainder of the Fund may invest in shares outside of the agricultural sector, bonds (such as those issued by governments, sovereigns, supranationals and companies globally) and cash.

The Fund may use derivative instruments for both investment and hedging purposes. The return on a derivative is linked to movements in an underlying instrument referenced by the derivative such as currency or interest rates. The base currency of the Fund is GBP.

Share Class Currency Hedging: This Share Class is not hedged. Therefore the performance of this Share Class will be impacted by foreign exchange rate fluctuations between the Share Class currency and the base currency of the Fund.

Distribution Policy: N/A - Income will be rolled up into the value of your investment.

Dealing Frequency: Daily. Investors can buy and sell their shares on demand on each Business Day (as defined in the Prospectus).

Benchmark: DAXglobal® Agribusiness (Total Net Return) Index. The Fund is actively managed and is not designed to track the benchmark therefore the Fund's performance may deviate materially from the benchmark. The investment manager has complete discretion in making investments and is not constrained by the benchmark. The Fund may invest significantly in instruments which are not included in the benchmark. The benchmark is used only for risk management and performance comparison purposes. The investment manager may consider, for example, issuer exposures, sector weights, country weights and tracking error in each case relative to the benchmark but does not use the benchmark as an investment limitation.

Intended Retail Investor: The Fund is intended for all investors seeking capital growth over a long-term investment horizon. Investors should have the ability to bear losses up to the amount they have invested in the Fund. The Fund does not offer capital protection.

Trustee/ Depositary: NatWest Trustee and Depositary Services Limited

WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

Risk indicator

1	2	3	**4**	5	6	7

Lower risk — Higher risk

The risk indicator assumes you keep the product for 5 Years. The actual risk can vary significantly if you cash in at an early stage and you may get back less than your initial investment. You may have to pay significant extra costs to cash in early. You may not be able to sell your product easily or may have to sell at a price that significantly impacts on how much you get back.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity of the fund to pay you.

In addition to market risk other risks could be triggered i.e. counterparty risk, currency risk, interest rate risk, operational risk and liquidity risk. Refer to the Prospectus for full details.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product / a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: 5 Years
Investment 10 000 GBP

Scenarios		If you exit after 1 year	If you exit after 5 years (recommended holding period)
Minimum	**There is no minimum guaranteed return. You could lose some or all of your investment.**

WHAT HAPPENS IF BARING FUND MANAGERS LIMITED IS UNABLE TO PAY OUT?

The assets of the Fund are segregated from those of Baring Fund Managers Limited. The Depositary is responsible for the safekeeping of the Fund's assets. To that effect, if Baring Fund Managers Limited defaults, there will be no direct financial impact on the Fund. In addition, the Fund's assets shall be segregated from the Depositary's assets, which limits the risk of the Fund suffering some loss in case of default of the Depositary. You may face a financial loss if your broker or the entity from whom you purchased the Fund was to default.
As an investor in the Fund, there is no compensation or guarantee scheme in place.

WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods:
We have assumed:
- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- GBP 10 000 is invested.

Investment 10 000 GBP	If you exit after 1 year	If you exit after 5 years
Total Costs	**132 GBP**	**1 085 GBP**
Annual Cost Impact*	1.3 %	1.4 %

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 11.4% before costs and 9.9% after costs.
