Investment Strategy

The Fund is actively managed within its objectives and is not constrained by the benchmark.

Whilst focused on profitability and investor returns, the ACD is also aware of the environmental, social and corporate governance aspects of its investments and the Fund will invest in companies that meet SVM's socially responsible criteria. Although the Fund may negatively screen out some companies, the approach is one of positive screening and active engagement with the management of investee companies, seeking to improve their awareness, reporting and impact on ESG matters. Information on this strategy is available from the ACD on request and on its website www.svmonline.co.uk
